De carnavalscalypso

ORANJESTAD — De calypso die dit jaar met carnaval overal op Aruba zal klinken, is „Fireworks jamsession", gemaakt door calypsokoning 1967 David Hodge (Young Quick Silver). Gisteren werd deze reeds door verschillende radiostations uitgezonden. De tekst luidt:

When I heard the siren blowing
Man ah really thought thy were
[joking (rep.)
Oh meh lard when I look outside
Black smoke in meh face I had
[to hide
When I see the blaze I bawl
[like a cow
And say the whole cawn village
en [burning down now.

Chorus
Mama look at a fire in the town
Oh Lord the village burning
[down (4x).

What people say man I was
[ashame
A hog-face woman was who cause
[the big flame
In another place ah sorry for she
Leaving food on the stove to
[buy Catoochic
Fire engines coming from all
[about
Fighting the fire but couldn't
[get it out
And if it wasn't for Lago
The whole of the village
[woulda say ayo.

The fire brigade man I must
[express
About the whole affair they
[make a big mess
The fire wasn't suppose to
[spread so far
So when it start to spread I bawl
[for murder
What really make dem people
[suffer
The first fire-truck had no water
The second one had a garden nose
Water coming out like they
[sprinkling clothes.

All over the place people so
[confuse
Shouting, crying and spreading
[news
Clem Celaire had nothing to say
All his concern was to pick up
[melee
To tell the truth I was so amaze
King Poncho and Paul was
[fighting the blaze
I don't care who vex this is my
[belief
King Poncho was looking for
[draws to thief.
